Victory and the New Order in Europe

Excerpt from the Protocol of the Proceedings of the Berlin (Potsdam) Conference, August 1, 1945:
http://www.yale.edu/lawweb/avalon/decade/decade17.htm

Potsdam Conference
The Berlin Conference of the Three Heads of Government of the U. S. S. R., U. S. A., and U. K., which took place from July 17 to August 2, 1945, came to the following conclusions:

I. ESTABLISHMENT OF A COUNCIL OF FOREIGN MINISTERS.

A. The Conference reached the following agreement for the establishment of a Council of Foreign Ministers to do the necessary preparatory work for the peace settlements:

"(1) There shall be established a Council composed of the Foreign Ministers of the United Kingdom, the Union of Soviet Socialist Republics, China, France, and the United States.

"(2) (i) The Council shall normally meet in London which shall be the permanent seat of the joint Secretariat which the Council will form. Each of the Foreign Ministers will be accompanied by a high-ranking Deputy, duly authorized to carry on the work of the Council in the absence of his Foreign Ministers, and by a small staff of technical advisers.

"(ii) The first meeting of the Council shall be held in London not later than September 1st 1945. Meetings may be held by common agreement in other capitals as may be agreed from time to time.

"(3) (i) As its immediate important task, the Council shall be authorized to draw up, with a view to their submission to the United Nations, treaties of peace with Italy, Rumania, Bulgaria, Hungary and Finland, and to propose settlements of territorial questions outstanding on the termination of the war in Europe. The Council shall be utilized for the preparation of a peace settlement for Germany to be accepted by the Government of Germany when a government adequate for the purpose is established.

"(ii) For the discharge of each of these tasks the Council will be composed of the Members representing those States which were signatory to the terms of surrender imposed upon the enemy State concerned. For the purposes of the peace settlement for Italy, France shall be regarded as a signatory to the terms of surrender for Italy. Other Members will be invited to participate when matters directly concerning them are under discussion.

"(iii) Other matters may from time to time be referred to the Council by agreement between the Member Governments.
"(4) (i) Whenever the Council is considering a question of direct interest to a State not represented thereon, such State should be invited to send representatives to participate in the discussion and study of that question.

"(ii) The Council may adapt its procedure to the particular problems under consideration. In some cases it may hold its own preliminary discussions prior to the participation of other interested States. In other cases, the Council may convocate a formal conference of the State chiefly interested in seeking a solution of the particular problem."

B. It was agreed that the three Governments should each address an identical invitation to the Governments of China and France to adopt this text and to join in establishing the Council. The text of the approved invitation was as follows:

Council of Foreign Ministers Draft for identical invitation to be sent separately by each of the Three Governments to the Governments of China and France.

"The Governments of the United Kingdom, the United States and the U. S. S. R. consider it necessary to begin without delay the essential preparatory work upon the peace settlements in Europe. To this end they are agreed that there should be established a Council of the Foreign Ministers of the Five Great Powers to prepare treaties of peace with the European enemy States, for submission to the United Nations. The Council would also be empowered to propose settlements of outstanding territorial questions in Europe and to consider such other matters as member Governments might agree to refer to it.

"The text adopted by the Three Governments is as follows:

"In agreement with the Governments of the United States and U. S. S. R., His Majesty's Government in the United Kingdom and U. S. S. R., the United States Government, the United Kingdom and the Soviet Government extend a cordial invitation to the Government of China (France) to adopt the text quoted above and to join in setting up the Council. His Majesty's Government, The United States Government, The Soviet Government attach much importance to the participation of the Chinese Government (French Government) in the proposed arrangements and they hope to receive an early and favorable reply to this invitation."

C. It was understood that the establishment of the Council of Foreign Ministers for the specific purposes named in the text would be without prejudice to the agreement of the Crimea Conference that there should be periodical consultation between the Foreign Secretaries of the United States, the Union of Soviet Socialist Republics and the United Kingdom.

D. The Conference also considered the position of the European Advisory Commission in the light of the Agreement to establish the Council of Foreign Ministers. It was noted with satisfaction that the Commission had ably discharged its principal tasks by the recommendations that it had furnished for the terms of surrender for Germany, for the zones of occupation in Germany and Austria and for the inter-Allied control machinery in those countries. It was felt that further work of a detailed character for the coordination of Allied policy for the control of Germany and Austria would in future fall within the competence of the Control Council at Berlin and the Allied Commission at Vienna. Accordingly it was agreed to recommend that the European Advisory Commission be dissolved.
II. THE PRINCIPLES TO GOVERN THE TREATMENT OF GERMANY IN THE INITIAL CONTROL PERIOD

A. POLITICAL PRINCIPLES.

1. In accordance with the Agreement on Control Machinery in Germany, supreme authority in Germany is exercised, on instructions from their respective Governments, by the Commanders-in-Chief of the armed forces of the United States of America, the United Kingdom, the Union of Soviet Socialist Republics, and the French Republic, each in his own zone of occupation, and also jointly, in matters affecting Germany as a whole, in their capacity as members of the Control Council.

2. So far as is practicable, there shall be uniformity of treatment of the German population throughout Germany.

3. The purposes of the occupation of Germany by which the Control Council shall be guided are:
   (i) The complete disarmament and demilitarization of Germany and the elimination or control of all German industry that could be used for military production. To these ends:
      (a) All German land, naval and air forces, the SS., SA., SD., and Gestapo, with all their organizations, staffs and institutions, including the General Staff, the Officers' Corps, Reserve Corps, military schools, war veterans' organizations and all other military and semi-military organizations, together with all clubs and associations which serve to keep alive the military tradition in Germany, shall be completely and finally abolished in such manner as permanently to prevent the revival or reorganization of German militarism and Nazism;
      (b) All arms, ammunition and implements of war and all specialized facilities for their production shall be held at the disposal of the Allies or destroyed. The maintenance and production of all aircraft and all arms, ammunition and implements of war shall be prevented.
   (ii) To convince the German people that they have suffered a total military defeat and that they cannot escape responsibility for what they have brought upon themselves, since their own ruthless warfare and the fanatical Nazi resistance have destroyed German economy and made chaos and suffering inevitable.
   (iii) To destroy the National Socialist Party and its affiliated and supervised organizations, to dissolve all Nazi institutions, to ensure that they are not revived in any form, and to prevent all Nazi and militarist activity or propaganda.
   (iv) To prepare for the eventual reconstruction of German political life on a democratic basis and for eventual peaceful cooperation in international life by Germany.

4. All Nazi laws which provided the basis of the Hitler regime or established discriminations on grounds of race, creed, or political opinion shall be abolished. No such discriminations, whether legal, administrative or otherwise, shall be tolerated.

5. War criminals and those who have participated in planning or carrying out Nazi enterprises involving or resulting in atrocities or war crimes shall be arrested and brought to judgment. Nazi leaders, influential Nazi supporters and high officials of Nazi organizations and institutions and any other persons dangerous to the occupation or its objectives shall be arrested and interned.
6. All members of the Nazi Party who have been more than nominal participants in its activities and all other persons hostile to Allied purposes shall be removed from public and semi-public office, and from positions of responsibility in important private undertakings. Such persons shall be replaced by persons who, by their political and moral qualities, are deemed capable of assisting in developing genuine democratic institutions in Germany.

7. German education shall be so controlled as completely to eliminate Nazi and militarist doctrines and to make possible the successful development of democratic ideas.

8. The judicial system will be reorganized in accordance with the principles of democracy, of justice under law, and of equal rights for all citizens without distinction of race, nationality or religion.

9. The administration in Germany should be directed towards the decentralization of the political structure and the development of local responsibility. To this end:

(i) local self-government shall be restored throughout Germany on democratic principles and in particular through elective councils as rapidly as is consistent with military security and the purposes of military occupation;

(ii) all democratic political parties with rights of assembly and of public discussion shall be allowed and encouraged throughout Germany;

(iii) representative and elective principles shall be introduced into regional, provincial and state (Land) administration as rapidly as may be justified by the successful application of these principles in local self-government;

(iv) for the time being, no central German Government shall be established. Notwithstanding this, however, certain essential central German administrative departments, headed by State Secretaries, shall be established, particularly in the fields of finance, transport, communications, foreign trade and industry. Such departments will act under the direction of the Control Council.

10. Subject to the necessity for maintaining military security, freedom of speech, press and religion shall be permitted, and religious institutions shall be respected. Subject likewise to the maintenance of military security, the formation of free trade unions shall be permitted.

B. ECONOMIC PRINCIPLES.

11. In order to eliminate Germany's war potential, the production of arms, ammunition and implements of war as well as all types of aircraft and sea-going ships shall be prohibited and prevented. Production of metals, chemicals, machinery and other items that are directly necessary to a war economy shall be rigidly controlled and restricted to Germany's approved post-war peacetime needs to meet the objectives stated in Paragraph 15. Productive capacity not needed for permitted production shall be removed in accordance with the reparations plan recommended by the Allied Commission on Reparations and approved by the Governments concerned or if not removed shall be destroyed.

12. At the earliest practicable date, the German economy shall be decentralized for the purpose of eliminating the present excessive concentration of economic power as exemplified in particular by cartels, syndicates, trusts and other monopolistic arrangements.
13. In organizing the German Economy, primary emphasis shall be given to the development of agriculture and peaceful domestic industries.

14. During the period of occupation Germany shall be treated as a single economic unit. To this end common policies shall be established in regard to:

(a) mining and industrial production and its allocation;
(b) agriculture, forestry and fishing;
(c) wages, prices and rationing;
(d) import and export programs for Germany as a whole;
(e) currency and banking, central taxation and customs;
(f) reparation and removal of industrial war potential;
(g) transportation and communications.

In applying these policies account shall be taken, where appropriate, of varying local conditions.

15. Allied controls shall be imposed upon the German economy but only to the extent necessary:

(a) to carry out programs of industrial disarmament, demilitarization, of reparations, and of approved exports and imports.

(b) to assure the production and maintenance of goods and services required to meet the needs of the occupying forces and displaced persons in Germany and essential to maintain in Germany average living standards not exceeding the average of the standards of living of European countries. (European countries means all European countries excluding the United Kingdom and the U. S. S. R.).

(c) to ensure in the manner determined by the Control Council the equitable distribution of essential commodities between the several zones so as to produce a balanced economy throughout Germany and reduce the need for imports.

(d) to control German industry and all economic and financial international transactions including exports and imports, with the aim of preventing Germany from developing a war potential and of achieving the other objectives named herein.

(e) to control all German public or private scientific bodies research and experimental institutions, laboratories, et cetera connected with economic activities.

16. In the imposition and maintenance of economic controls established by the Control Council, German administrative machinery shall be created and the German authorities shall be required to the fullest extent practicable to proclaim and assume administration of such controls. Thus it should be brought home to the German people that the responsibility for the administration of such controls and any breakdown in these controls will rest with themselves. Any German controls which may run counter to the objectives of occupation will be prohibited.

17. Measures shall be promptly taken:

(a) to effect essential repair of transport;
(b) to enlarge coal production;
(c) to maximize agricultural output; and
(d) to erect emergency repair of housing and essential utilities.

18. Appropriate steps shall be taken by the Control Council to exercise control and the power of disposition over German-owned external assets not already under the control of United Nations which have taken part in the war against Germany.

19. Payment of Reparations should leave enough resources to enable the German people to subsist without external assistance. In working out the economic balance of Germany the necessary means must be provided to pay for imports approved by the Control Council in Germany. The proceeds of exports from current production and stocks shall be available in the first place for payment for such imports. The above clause will not apply to the equipment and products referred to in paragraphs 4 (a) and 4 (b) of the Reparations Agreement.

III. REPARATIONS FROM GERMANY.

1. Reparation claims of the U. S. S. R. shall be met by removals from the zone of Germany occupied by the U. S. S. R., and from appropriate German external assets.

2. The U. S. S. R. undertakes to settle the reparation claims of Poland from its own share of reparations.

3. The reparation claims of the United States, the United Kingdom and other countries entitled to reparations shall be met from the Western Zones and from appropriate German external assets.

4. In addition to the reparations to be taken by the U. S. S. R. from its own zone of occupation, the U. S. S. R. shall receive additionally from the Western Zones:

   (a) 15 per cent of such usable and complete industrial capital equipment, in the first place from the metallurgical, chemical and machine manufacturing industries as is unnecessary for the German peace economy and should be removed from the Western Zones of Germany, in exchange for an equivalent value of food, coal, potash, zinc, timber, clay products, petroleum products, and such other commodities as may be agreed upon.

   (b) 10 per cent of such industrial capital equipment as is unnecessary for the German peace economy and should be removed from the Western Zones, to be transferred to the Soviet Government on reparations account without payment or exchange of any kind in return.

   Removals of equipment as provided in (a) and (b) above shall be made simultaneously.

5. The amount of equipment to be removed from the Western Zones on account of reparations must be determined within six months from now at the latest.

6. Removals of industrial capital equipment shall begin as soon as possible and shall be completed within two years from the determination specified in paragraph 5. The delivery of products covered by 4 (a) above shall begin as soon as possible and shall be made by the U. S. S. R. in agreed installments within five years of the date hereof. The determination of the amount and character of the industrial capital equipment unnecessary for the German peace economy and therefore available for reparation shall be made by the Control Council under policies fixed by the Allied Commission on Reparations, with the participation of France, subject to the final approval of the Zone Commander in the Zone from which the equipment is to be removed.
7. Prior to the fixing of the total amount of equipment subject to removal, advance deliveries shall be made in respect to such equipment as will be determined to be eligible for delivery in accordance with the procedure set forth in the last sentence of paragraph 6.

8. The Soviet Government renounces all claims in respect of reparations to shares of German enterprises which are located in the Western Zones of Germany as well as to German foreign assets in all countries except those specified in paragraph 9 below.

9. The Governments of the U. K. and U. S. A. renounce all claims in respect of reparations to shares of German enterprises which are located in the Eastern Zone of occupation in Germany, as well as to German foreign assets in Bulgaria, Finland, Hungary, Rumania and Eastern Austria.

10. The Soviet Government makes no claims to gold captured by the Allied troops in Germany. . .

VIII. POLAND.

A. DECLARATION.

We have taken note with pleasure of the agreement reached among representative Poles from Poland and abroad which has made possible the formation, in accordance with the decisions reached at the Crimea Conference, of a Polish Provisional Government of National Unity recognized by the Three Powers. The establishment by the British and United States Governments of diplomatic relations with the Polish Provisional Government of National Unity has resulted in the withdrawal of their recognition from the former Polish Government in London, which no longer exists.

The British and United States Governments have taken measures to protect the interest of the Polish Provisional Government of National Unity as the recognized government of the Polish State in the property belonging to the Polish State located in their territories and under their control, whatever the form of this property may be. They have further taken measures to prevent alienation to third parties of such property. All proper facilities will be given to the Polish Provisional Government of National Unity for the exercise of the ordinary legal remedies for the recovery of any property belonging to the Polish State which may have been wrongfully alienated.

The Three Powers are anxious to assist the Polish Provisional Government of National Unity in facilitating the return to Poland as soon as practicable of all Poles abroad who wish to go, including members of the Polish Armed Forces and the Merchant Marine. They expect that those Poles who return home shall be accorded personal and property rights on the same basis as all Polish citizens.

The Three Powers note that the Polish Provisional Government of National Unity, in accordance with the decisions of the Crimea Conference, has agreed to the holding of free and unfettered elections as soon as possible on the basis of universal suffrage and secret ballot in which all democratic and anti-Nazi parties shall have the right to take part and to put forward candidates, and that representatives of the Allied press shall enjoy full freedom to report to the world upon developments in Poland before and during the elections.

B. WESTERN FRONTIER OF POLAND.

In conformity with the agreement on Poland reached at the Crimea Conference the three Heads of Government have sought the opinion of the Polish Provisional Government of National Unity in regard to the accession of territory in the north 'end west which Poland should receive. The President of the
National Council of Poland and members of the Polish Provisional Government of National Unity have been received at the Conference and have fully presented their views. The three Heads of Government reaffirm their opinion that the final delimitation of the western frontier of Poland should await the peace settlement.

The three Heads of Government agree that, pending the final determination of Poland's western frontier, the former German territories cast of a line running from the Baltic Sea immediately west of Swinemunde, and thence along the Oder River to the confluence of the western Neisse River and along the Western Neisse to the Czechoslovak frontier, including that portion of East Prussia not placed under the administration of the Union of Soviet Socialist Republics in accordance with the understanding reached at this conference and including the area of the former free city of Danzig, shall be under the administration of the Polish State and for such purposes should not be considered as part of the Soviet zone of occupation in Germany. …

13) We call upon the government of Japan to proclaim now the unconditional surrender of all Japanese armed forces, and to provide proper and adequate assurances of their good faith in such action. The alternative for Japan is prompt and utter destruction.
