

Worksheet for Activity 4: The Plot Continues

Student Name _____ Date _____

Use the diagrams below—meant to look like frames from a film reel or like television screens—to sketch out the key points of plot in the scenes you have chosen to look at closely. Write a few words in the spaces provided to identify the moment or action you draw. Make as many frames as you want; just add more as you need them.

The form consists of a large black rectangular area containing six white rectangular frames arranged in two rows of three. Each frame is designed to look like a film strip frame, with a small white oval at the top center. Below each frame are three horizontal lines for writing.
