Review some examples of World War II posters and answer the following questions:

- What is the woman in the poster doing?

- What type of job is she demonstrating?

- What skills might she need to perform this job?
• Would she have done this job before the war? After the war?

• What does the woman look like in the poster? Does her dress or behavior remind you of anyone? (A celebrity from that time, for example)

• What does the poster seem to be saying about acceptable roles for women in wartime? How did women’s roles differ in peacetime?

• What symbols does the poster use to get its point(s) across?

• How might the government have used this poster to persuade women to join the war effort?
